

Purchase Policies

Product Pricing / Licensing Notes

See the applicable "Pricing" page for the product you are interested in purchasing.

Some notes:

- All licenses include all updates through a given year, and we do our best to stay current on all integration software versioning.
- Second year+, annual maintenance fees are 50% of fees above.
- Educational organizations, licenses are 50% of regular posted prices.

Supported Transactions

Most customers have been purchasing our product online - but we are flexible to supporting you if you have security concerns.

We support:

- PayPal transactions (checks or credit cards)
- American Express phone orders (contact us)
- Direct EFT transactions. Contact us and we will provide our bank details.
- Purchase Orders for large enterprise corporations
- Need another method? Ask us.

About AppFusions Charity Licenses

AppFusions integrations and add-ons are free for use by *official not-for-profit organizations and charities*. These organizations are:

- not-for-profit,
- non-government,
- non-academic, or,
- non-commercial in nature.

We provide this opportunity to help grow your charity organization's efficiencies, so you in turn can give better, faster.

AppFusions Charity Licenses require that you:

- are already running an Atlassian Community License on your server, and,
- that the AppFusions issued license(s) will be used only for the named organization that the license is provided for.
- AppFusions Charity Licenses are for Atlassian "server" products, not the "cloud" products.
